Mission Statement

Our mission at Craft Cabinetry is to improve the quality of our customer's life and cooking experience by providing a premium product. We want to provide excellent cabinetry to meet the needs of our valued customers at affordable prices.

Craft Cabinetry aims to become the most preferred cabinetry provider in Pennsylvania via applying our unique cabinetry manufacturing technique and monitoring the quality from the timber to the customer.

About us

Based in Philadelphia, United States. Since 2018, Craft Cabinetry has been continuously striving to introduce innovative design, the top quality product and the best customer service in the kitchen industry. We offer the most comfortable, affordable and stylish products throughout the United States.

We seek to source our products from the sustainably harvested wood logs that are carefully selected by our direct suppliers.

In Craft Cabinetry, all the products are assembled by our experienced craftsmen and checked by our professional team before they are qualified to be delivered to the clients.

Our business specializes in kitchen cabinets, bathroom vanities and other customer designed cabinetry. All staff of Craft Cabinetry are knowledgeable and professionally trained in order to guarantee the impeccable quality of our products.

Pure White

We apply a new technique while manufacturing our shaker style cabinets. White shaker cabinets could be incorporated easily with either traditional or modern kitchen style. Our white shaker cabinets are becoming the most affordable and classic choice in Pennsylvania.

Modern Gray

The gray shaker style has its unique and elegant gray color. Gray shaker is always a great choice if your kitchen has a warmer tone. It can contribute to higher home resale value.
